## OFFICE OF THE DIRECTOR OF FOOD SUPPLIES IN MYSORE, BANGALORE.

*Notification No. A. S.* 24, *dated 5th December* 1944.

ARTICLES OF FOOD ACQUISITION ORDER.

*Subject.*—Publication of demand lists in the Village Chavadies.

Sub-Clause (iv) of Clause 6 of the articles of Food Acquisition Order is interpreted in some cases as meaning that the publication by beat of *tom tom* and the affixing of demand lists in the chavadi of the village can only be done after all the cases in a particular village are completed by the Amildar. Such a course is very inconvenient and may lead to unnecessary delay. Amildars are therefore instructed to publish demand lists for such of the cases as are completed in each village as and when the cases get disposed of instead of waiting for completion of all the cases of a particular village.

2. Deputy Commissioners are requested to instruct the Amildars that the completion of the cases of villages should not be unduly delayed on any account.

HARVEST SCHEME.

Doubts have been entertained in certain quarters if the bonus of four annas per palla of paddy which was being paid for deliveries of surplus in the malnad districts, may be paid from 16th November 1944 also.

Revised prices sanctioned by Government and notified in notification No. S.D. C 219 - C. 103-44-10, dated 16th November 1944, are to be regarded as the final accepted rates to be paid for purchases. No bonus is therefore to be paid in respect of any paddy received into the depot from 16th November 1944 onwards. Increase in prices has been quite substantial and all circumstances have been taken into calculation while fixing the prices. Officers are therefore requested to see the rates sanctioned and brought into effect from 16th November 1944 are adhered to.

## OFFICE OF THE DIRECTOR OF FOOD SUPPLIES IN MYSORE, BANGALORE.

*No.* A1-117—43, *dated* 18*th December* 1944.

**Press Note.**

1. Because of lack of stocks of Bengalgram in the State and the consequent soaring of prices, and also as a measure to prevent any serious future shortage in food, Government obtained considerable stocks of Bengalgram last year. These were released through recognised merchants, associations and Government depots to the public gradually. As there is no longer any need for Government to maintain stocks, the position with regard to import of Bengalgram having eased considerably, Government have decided to liquidate the small stocks still with them.

2. It is hereby published for the information of those concerned that arrangements have been made to sell these stocks of Bengalgram and hurigadale available in Government depots in public auction at the different places where stocks are available. The sales will be conducted by the concerned Rationing Officers or the Amildars or the Assistant Director of Food Supplies, Depots, Bangalore or the District Treasury Officer of the District depending on the area and jurisdiction in which the stocks are held. Intending purchasers may contact the aforesaid officers and obtain further details in the matter.

In order to facilitate such examination and certificate of endorsements and to ensure payment of principal on or after the 1st day of October 1944, the holders of the said debenture bonds are requested to send the debenture loan bonds of 1919, which they hold, to this office after drawing interest on such bonds for the half year ending 30th June 1944, with the following discharge certificate duly recorded on the back of the bonds.

"Received in full the Principal of this Debenture Loan of 1919".

*Holder's Signature.*

3. After necessary examination of the documents in this office and in the office of the Comptroller in Mysore, Bangalore, they will be returned to the holder with necessary authorisation for payment of principal at the treasury at which interest thereon was being paid. Bonds thus authorised may then be presented for payment at the concerned treasury.

4. The interest on the debenture loan bonds from 1st July 1944 to 30th September 1944, both days inclusive may be drawn by the holders direct from the treasury on a separate voucher in the printed usual Interest Receipt Form signed by the holder and countersigned by the President, District Board, Hassan.

5. The Debenture Loan Bonds referred to do not bear interest on and after 1st October 1944.

6. Temporary receipts will be issued by this office in exchange for the said Debenture Bonds tendered for repayment and these receipts should be surrendered when such bonds duly authorised for payment are returned to the holders.

7. The holders of the said bonds should invariably state in their application the name of the Treasury at which the interest is being drawn so that the payment of principal may be authorised at such teasury alone.

4. *Area Rationing Authorities.*—The Government may appoint such Area Rationing Authorities as it thinks fit, having jurisdiction in such areas and in respect of such vehicles or such class or classes of vehicles as may be specified in each case by the Government.

5. *Submission of returns, etc.*—(1) Every stockist shall submit to the Area Rationing Authority so as to reach it not later than the 10th day of each month commencing with February, 1944, a true return in duplicate in Form 1 in respect of his stocks of, and transactions in, tyres and tubes during the preceding month.

(2) Every fleet-owner shall submit to the Area Rationing Authority so as to reach it not later than the 15th February 1944 a true return in duplicate in Form 2 giving all the details specified therein, together with the registration certificates of all the motor vehicles in his possession; and the Area Rationing Authority shall, after making such verification as it considers necessary, endorse on each registration certificate the remark "serial numbers of tyres recorded separately" and on one copy of the return the remark "checked" and return them to the fleet-owner. The other copy of the return shall be retained by that Authority.

(3) Every owner of a vehicle, not being a fleet-owner, shall on being required by the Area Rationing Authority, submit to it a declaration in Form 3 giving all the details specified therein, together with the registration certificate, if any, of the vehicle; and the Area Rationing Authority shall, after making such verification as it considers necessary, enter in the registration certificate the manufacturer's serial numbers of the tyres for the time being fitted on the wheels (including spare wheels) of the vehicle and of any other tyres in the possession of the owner, and return it to him.

6. *Supply of new or used tyres or tubes only on permits.*—New or used tyres and new or used tubes shall be supplied or acquired only against the surrender to the supplier of a valid permit in Form 4 issued under the provisions of this Order, and only in accordance with the conditions and instructions appearing on such permit:

(i) the supply or acquisition of tyres or tubes fitted to a motor vehicle and sold with it as part of its normal equipment;

(3) If the supplier is unable to supply from stock the tyres or tubes specified in the permit, or wishes to replenish his stocks and Part II of the permit has not been detached by the Area Rationing Authority under clause 10, he shall detach Part II of the permit and send it with his indent to the manufacturer or retreader.

(5) The retreader to whom a permit in Form 6 is surrendered in accordance with the provisions of clause 13 shall, after endorsing thereon the manufacturer's serial numbers of the tyres received by him and the serial numbers of the retreaded tyres supplied by him, return the permit to the Area Rationing Authority issuing it.
